**Looking  
ahead  
as you  
participate...**

## For your contemplation as you look ahead...

- What justice issues need the most attention in my country in the coming year?
- How might I personally get more engaged with the civil society network(s) monitoring the SDGS in my country in the coming year?
- How might I personally get more engaged with the work of my congregation's NGO at the UN?
- What further training, communication, or advocacy action would I benefit from/participate in if it were offered by JCoR?
